DETAILED ACTION

Allowable Subject Matter

1. Claims 8-10 and 12-14 are allowed.
2. The following is an examiner's statement of reasons for allowance:
 - The references of the Prior Art of record fail to teach, or suggest any obvious combination of the limitations discussed in the previous Office Action, and further comprising the limitations of **(With respect to claim 8)** wherein said gas-piping means comprise pair of perforated pipes having two converging ends welded to said outlet opening and in mutual contact along respective flattened surfaces, so that their profile at said transverse wall substantially matches with the profile of the outlet opening.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claim Objections – Duplicate Claims

3. Claims 15 and 16 are objected to under 37 CFR 1.75 as being a substantial duplicate of claims 12 and 13 respectively. When two claims in an application are duplicates or else are so close in content that they both cover the same thing, despite a slight difference in wording, it is proper after allowing one claim to object to the other as being a substantial duplicate of the allowed claim. See MPEP § 706.03(k).

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
